## **DETAILED ACTION**

### ***Response to Amendment***

1. The amendment filed June 18, 2008, is noted with appreciation.

### ***Response to Arguments***

2. Applicant's arguments, see the remarks, filed June 18, 2008, with respect to the rejections set forth in the prior Office action have been fully considered and are persuasive. The rejection of the claims have been withdrawn.

### ***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 1-4, 12, 14, 19, 25-29, and 55-62 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims recite a catalyst "capable of interacting with a metal-based surfactant." This limitation is indefinite as it is unclear whether or not interaction is actually required and what the nature and extent of the interaction is.
